Bill -

Some two weeks or so ago, during my attendance at your 9:00 a.m. Daily Meeting, an interesting discussion took place on "teleconference", motivated by your recent visit to Norfolk.

25X1

I discussed this matter with [redacted] and, as a result, he has produced the attached paper describing both capabilities and possibilities. I am sending a copy of the paper to the other Deputies and will invite from them, as I do from you, any comments. While paragraph 8 is not the most essential part of the document, I must admit, in honesty, we felt it appropriate to "state the claim".
